National Republican Ticket

For President—
WILLIAM MCKINLEY,
of Ohio.
For Vice-President—
THEODORE ROOSEVELT,
of New York.

For Sheriff.
We are authorized to announce that
H. J. BARGMAN
will be a candidate for Sheriff, subject to the decision of the Republican County Convention.
Holbrook, Aug. 4, 1900.

PROTECTION for American citizens abroad may always be relied upon under a Republican administration.
As the sole proprietor of three distinct presidential nominations Mr. Bryan doubtless feels the courage of his desire to dictate.

The Kansas City ticket and platform is calculated to make things lively at the exits instead of the entrances of the Democratic party.
The place of meeting of the Democratic Territorial Convention has been changed from Kingman to Phenix. The date of meeting is Sept. 12th.

KING HUMBERT, of Italy, was assassinated July 29th, while returning from an entertainment. He was shot three times while entering his carriage. The assassin was arrested.
It might be well for Bryan to arrange with his publishers to get out a limited edition of "The Second Battle," and begin to prepare matter for explaining how it happened.

Yuma had a \$35,000 fire last week, Tuesday, and destroyed several business places, among others the Sentinel office. With the assistance of the Sun office the Sentinel made its appearance Wednesday.

BOSS CROKER snarls and makes a cheap bid for votes by declaring his objection to American troops fighting under an English admiral. He would probably prefer to witness the murder of American citizens.

The Missouri editor whose faith in the ascendancy of the Democratic star led him to offer to send his paper to all who sent in their names, with subscriptions payable when Bryan is elected, has been so deluged with new subscribers on the terms offered, that he has been obliged to withdraw the offer.

In India, the land of famine, thousands die because they cannot obtain food. In America, the land of plenty, many many suffer and die because they cannot digest the food they eat. Kodol Dyspepsia Cure digests what you eat. It instantly relieves and radically cures all stomach troubles. F. J. Wattron.

The stockholder of the California Consolidated Petroleum Company is a stockholder of fifty oil companies. His stock entitles him to his pro rata of all the dividends the California Consolidated receives on the 2,500,000 shares, held by that company in the fifty companies in question. His stock also entitles him to his pro rata of all the oil received as royalties on 5,000 acres, and to his pro rata of all the oil developed on 10,000 acres.

In this company he has three sources of profit and fifty chances to one to get profitable dividends.
There are fortunes in oil and the stock of this company is sure to pay handsome dividends and go to a large premium.
Stock redeemable on demand at any time within 30 days from date of certificate. All money paid in installments refunded on demand at any time within 30 days from date of first payment. If you do not want your stock, send to Company and you will promptly get every cent of your money back.

Travel in Dancing.
An average waltz takes a dancer over about three-quarters of a mile, and a square dance makes him cover half a mile. A girl with a well filled program travels thusly in one night: Twelve waltzes, nine miles; four other dances at a half a mile a piece, which is fairly a big estimate, two miles more; the intermission stroll and the trips to the dressing room to reparate her gown and complexion, half a mile; grand total, eleven and a half miles.

Out of a total valuation of the territory of Arizona of \$31,000,000 Maricopa county comes in with about \$11,000,000. Nearly two million dollars of this, however, is exempt from taxation.
Will Wooster happened to hear us mention a few weeks ago that a burro would be a great addition to the Argus outfit, so he very kindly found one of the animals in question at Whiteriver, and brought her down on his last trip.

Millions will be spent in politics this year. We can't keep the campaign going without money any more than we can keep the body vigorous without food. Dyspeptics used to starve themselves. Now Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. It radically cures stomach troubles. F. J. Wattron.

"Oh! why should the spirit of mortal be proud?" We don't believe it is when we look around and see the Courier drop from a first class brick into an old barn, the Journal-Miner also from a comfortable brick into what was the hook and ladder house, and THE PROSPECT, well, from an extremely comfortable office—we are roasting what little fuz there is left on our pate against the top of a 2x4 tent on the plaza.—Prospect.

The wolf in the fable put on sheep's clothing because if he traveled on his own reputation he could not accomplish his purpose. Counters of DeWitt's Witch Hazel Salve couldn't sell their worthless selves on their merits, so they put them in boxes and wrappers like DeWitt's. Look out for them. Take only DeWitt's Witch Hazel Salve. It cures piles and all skin diseases. F. J. Wattron.

Chinese are dangerous enemies, for they are treacherous. That's why all counterfeits of DeWitt's Witch Hazel Salve are dangerous. They look like DeWitt's, but instead of the all-healing witch hazel they all contain ingredients liable to irritate the skin and cause blood poisoning. For piles, injuries and skin diseases use the original and genuine DeWitt's Witch Hazel Salve. F. J. Wattron.

Serious Accident.

Brakeman Ensign, who was working on the cinder train between Adamanna and Aztec, was very seriously injured Thursday morning. While trying to board an engine he slipped and his right foot went under the wheels of the engine, cutting it off at the ankle. He was taken to Winslow on a freight train which happened along about the time of the accident. Dr. Reed, of this place, accompanied him to Winslow and everything possible was done to relieve the sufferer. Mr. Ensign was injured a short time ago and was laid up several months, and the fact that he has a wife and child to care for makes this accident a severe blow.

Rev. J. M. Yingling, pastor of the Bedford Street Methodist church at Cumberland, Md., says: "It affords me much pleasure to recommend Chamberlain's Colic, Cholera, and Diarrhoea Remedy. I have used it and know others who have done so. I have never known it to fail. It is a sure cure when taken in time." For sale by F. J. Wattron, druggist.

Troops E and G, of the 2d squadron, arrived from Fort Apache Tuesday morning. There were 99 men in E troop and 100 in G troop. Col. Wells was in charge, with Capt. Cole and Lieutenants Adams, Parsons, and Brees. Drs. Stoeckle and Smith, acting assistant surgeons accompanied the troops. The train pulled out about 5:30 Tuesday evening for San Francisco, and from there will sail for China. We wish the boys all kinds of good luck.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures, have made it a great favorite with the people everywhere. For sale by F. J. Wattron, druggist.

One of the great questions of the day among stockmen is, which is the most profitable, the sheep or cattle industry? The arguments on both sides are plausible and reasonable, and it is doubtful if the question will ever be decided to the satisfaction of all. There is one thing certain, however, quicker returns are had in the sheep business and the wool clip alone will more than cover current expenses. Then on the other hand, in looking backward we see that cattle raisers have made millions of dollars in their business while sheepmen have made only thousands. The world can do without mutton, but the human race must have beef, the cost of what it may.—Denver Live Stock Record.

Fortunes in Oil.

The discovery of petroleum in Southern California has opened up an industry that bids fair to eclipse in money-making chances the gold excitement of 1849. Hundreds of men have become immensely rich by investing in oil stocks and oil lands. The industry is still in its infancy and those who are wise enough to invest in oil stocks (of good companies) will realize immense profits.
The Sunset Petroleum and Refining Company is a corporation composed of the leading moneyed men of the state, and offers its stock at 10 cents per share, par value \$1.00, fully paid up and non-assessable. They are drilling well No. 1, and will have oil within two weeks, when they will immediately commence drilling on well No. 2 and so on rapidly developing their big tracts of proven lands. Their stock will soon reach par. Send for prospectus or order stock by mail, making money orders payable to J. W. Evans, Secretary, SUNSET PETROLEUM AND REFINING CO., 430 Douglas Bldg. Los Angeles, Cal.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended, and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by F. J. Wattron, Druggist.
